

Congratulations to

- **Professor Emeritus Ned Megargee**, who was presented by the editors and publishers of the *British Journal of Forensic Practice* with the 2012 Outstanding Paper Award for the best article published in the journal the previous year. The article was entitled "Using the algebra of aggression in forensic practice." Ned was also honored by the International Association for Correctional and Forensic Psychology, which sponsored the Fifth Annual Edwin I. Megargee Honorary Lecture at the annual meeting of the International Community Corrections Association in Orlando on September 10, 2012.
- **Kristina Korte**, a doctoral student in the Clinical program (major professor: **Brad Schmidt**), who was awarded the Ermine M. Owenby, Jr. Fund to Promote Excellence by the College of Arts and Sciences. The award provides travel funds for Kristina to present her research projects entitled "High-risk feedback: A brief intervention to increase motivation to change anxiety" and "Anxiety sensitivity as a predictor of impairment in daily life" at the annual meeting of the Association for Behavioral and Cognitive Therapies in November 2012.
- **Jenna McHenry**, a doctoral student in Neuroscience (major professor: **Elaine Hull**), who received a Society for Neuroscience Chapters Graduate Student Travel Award to present her research project entitled "Neural mechanisms of mating-induced anxiolysis and stress buffering: Examining neuromodulators in the MPOA and PVN of male rats" at the 42nd annual meeting of the Society for Neuroscience, New Orleans, LA, 2012.
- **Marisol Perez**, a graduate of the Clinical program (major professor: **Thomas Joiner**), who was promoted to Associate Professor of Psychology, with tenure, at Texas A&M University.
- **Jessica Ribeiro**, a doctoral student in the Clinical program (major professor: **Thomas Joiner**), who received an FSU Dissertation Research Grant.

New Publications (Including in Press)

- **Guthrie, W.**, Swineford, L., Nottke, C., & **Wetherby, A.** (in press). Early diagnosis of autism spectrum disorder: Stability and change in clinical diagnosis and symptom presentation. *Journal of Child Psychology and Psychiatry*. Whitney Guthrie is a student in the Clinical program (major professor: **Amy Wetherby**).
- **McNulty, J. K.**, & Fincham, F. D. (2012). Beyond positive psychology? Toward a contextual view of psychological processes and well-being. *American Psychologist*, 67, 101-110. The authors published their response to comments on this article in **McNulty, J. K.**, & Fincham, F. D. (2012). The pitfalls of valenced labels and the benefits of properly calibrated psychological flexibility. *American Psychologist*, 67, 576-577.
- **Mikolajewski, A.J., Allan, N.P., Hart, S.A., Lonigan, C.J., & Taylor, J.** (in press). Negative affect shares genetic and environmental influences with symptoms of childhood internalizing and externalizing disorders. *Journal of Abnormal Child Psychology*. Amy Mikolajewski (major professor: **Jeanette Taylor**) and Nic Allan (major professor: **Chris Lonigan**) are students in the Clinical program.

- **Smith, K.R., Treesukosol, Y.** Paedae, A.B., **Contreras, R.J., & Spector, A.C.** (in press). The contribution of the TRPV1 channel to salt taste quality in mice as assessed by conditioned taste aversion generalization and chorda tympani nerve responses. *American Journal of Physiology - Regulatory Integrative and Comparative Physiology*. Kimberly Smith is a student in the Neuroscience program and Yada Treesukosol is a graduate of the Neuroscience program (major professor of Kimberly and Yada: **Alan Spector**).
- **Taylor, J.E., Hart, S.A., Mikolajewski, A.J., & Schatschneider, C.** (in press). An update on the Florida State Twin Registry. *Twin Research and Human Genetics*. Amy Mikolajewski is a student in the Clinical program (major professor: **Jeanette Taylor**).
- **Taylor, J., Allan, N., Mikolajewski, A.J., & Hart, S.A.** (in press). Common genetic and non-shared environmental factors contribute to the association between socioemotional dispositions and the externalizing factor in children. *Journal of Child Psychology and Psychiatry*. Amy Mikolajewski (major professor: **Jeanette Taylor**) and Nic Allan (major professor: **Chris Lonigan**) are students in the Clinical program.
